

## Questionnaire Instructions

The questionnaire below includes some of the most asked questions for Worldcon bids. Please email the completed answers to [worldcon.colette@gmail.com](mailto:worldcon.colette@gmail.com) by **Friday, 17 July, 2020**. The completed questionnaires will be posted on the CoNZealand website.

Please answer all the questions *in line* below. If a question doesn't apply to your bid, please state: N/A.

If the answer won't be known until some future date, please provide an estimate of when you will be able to provide an answer. For example, for the question about room rates you might answer "These are expected to be agreed by [date]. Current internet rates are X per night room only for a double or twin and Y for single occupancy."

# QUESTIONNAIRE

## General

**Name of Bid:**

Glasgow 2024

## **What dates are you bidding for?**

8<sup>th</sup>-12<sup>th</sup> August 2024.

## **What is your proposed convention host city? Is your convention site in a city center location or a suburb? If a suburb, what are the transport options into the city centre? How far is the site from the city centre?**

Our venue is the [Scottish Event Campus, Glasgow \(SEC\)](#). It is approx. 1000m from the city centre.

Glasgow SEC has strong relations with previous Worldcons - both Intersection (1995) and Interaction (2005) were held here. They also have a good relationship with the City, City Council and fans in the local area. Satellite, the Scottish 'natcon', is held in the Crowne Plaza hotel, which adjoins the convention centre.

Since our last Worldcon, the SEC have updated their 3000-seat auditorium (The Armadillo) with better acoustics and seating. There are now six hotels on site with 1000 rooms, and two more are being built - to a total of 1500 rooms on site by 2024. The new adjoining events arena (The Hydro) has further conference rooms and breakout spaces which could be used for parties / launches, or for overflow programme spaces. The SEC recently announced a £200 million development plan, which will be carried out prior to 2024.

## **What are your main facilities? How far are your hotels from your main venue?**

Map of SEC campus:

<https://www.sec.co.uk/organise-an-event/capacities-dimensions>

Room halls and dimensions map:

[https://www.sec.co.uk/assets/doc/SEC\\_Capacities\\_2018\\_MAP\\_TABLE-feb0dc6bc8.pdf](https://www.sec.co.uk/assets/doc/SEC_Capacities_2018_MAP_TABLE-feb0dc6bc8.pdf)

The Crowne Plaza hotel is attached to the SEC, and we have already agreed that this will be our party hotel, as well as hosting the fan bar.

The area around the SEC (now called 'The Campus'), has seen rapid development over the last two years, including the addition of two more hotels (and another two being built). There are now 6 on site hotels to fit a range of prices with the furthest 400m away from the SEC entrance. At present there are 2000 rooms via AirBnB operating throughout the city.

We have not decided which combination of Halls 3-5 is a best fit yet, however would be looking to use the rest of the building and the Armadillo. We will not be using the Hydro auditorium (it is too large), but may consider some of the rooms in the building for programme and party spaces, should we require them. In addition, we have spoken to the Science Centre (200m across the river) about use of some of their spaces - an additional 5 small auditoriums (including a Planetarium) and several large open spaces within the museum. We will consider these options in the event of needing overflow.

**Who is your bid chair? Who is on your committee? What experience do they have in general? In running Worldcons?**

**Bid Chair**

Esther MacCallum-Stewart

**Vice Chair**

Marguerite Smith

**Bid Committee**

Facilities – Mark Meenan

IT – Steve Davies (Project Manager), Brian Nisbet (IT infrastructure)

Registration - Clare Boothby

Promotions – Matt Calvert, Meg MacDonald

Staff Support – Bobbi Armbruster (Timeline), Phil Dyson (Facilitation) Ben Yalow (Death of e-mails)

Treasurer – Steve Cooper

US Agent - Colette Fozard

Volunteers – Paul Taylor, Shana Worthen

Chair's Advisory Group – Bobbi Armbruster, James Bacon, Vincent Docherty, Colin Harris, Ben Yalow.

The bid team includes five previous Worldcon chairs, including two Chairs of the previous Glasgow events, and several Eastercon/Satellite chairs. We also have a number of new faces within the group to promote new ideas and growth within the organisation. The team have a wide range of experience volunteering for Worldcons and other conventions, and we are recruiting locally to make sure that Glasgow fandom is an essential part of our bid.

Our staff document can be seen here:

<https://glasgow2024.org/committee/>

**If known, who will be the chair of the convention? What experience do they have?**

This will be announced when we file the paperwork in 2022.

**Have you agreed to participate in Pass-Along Funds? Would you be willing to increase the percentage from 50% to 70% of surplus?**

Yes, if possible we will participate in passalong. We have made no decision as to whether we intend to increase our passalong beyond the 50% as this is too early to decide. Passalong is very important to us as a bid.

## Travel

**What is the typical current airfare to your closest airport from world cities such as London, Boston, Los Angeles, Tokyo, Melbourne, etc.?**

We cannot currently provide predicted fares for any later than July 2021. Estimates were created by checking fare comparison sites and selecting the “best” fares (not the

cheapest) from the named city to Glasgow. Dates used were the 5th - 15th July 2021, to represent people arriving before the convention and departing after.

Given the circumstances, not all airlines may have estimates up, and things are more changeable than usual.

	£
Boston	£635 (1 stop)
Chicago	£687 (1 stop)
Los Angeles	£685 (1 stop)
New York	£593 (1 stop)
Dublin	£74
London	£54
Helsinki	£188
Melbourne	£1,145 (2 stops)
Tokyo	£932 (2 stops)
Wellington	£879 (2 stops)

**Do international flights, as well as domestic, fly into your local airport? Which airlines? If not, where is the closest international airport? Are direct flights from the cities above flown into your local airport?**

Glasgow is an international airport with numerous connections to both east and westbound flights. There are also frequent flights to Dublin (which offers preclearance for travellers to the US), London Heathrow and Amsterdam Schipol.

A direct destination map can be seen [here](#), with destinations including:

Amsterdam, Belfast, Birmingham, Dubai, Dublin, Dusseldorf, Halifax, Iceland, London Gatwick, London Heathrow, Madrid, Manchester, New York, Orlando, Paris, Toronto

**How far is your convention site from the nearest airport/train station and what is the likely cost of getting to the hotels by both public transport and taxi from that airport/train station?**

Dedicated train station: Exhibition Centre Station

Nearest International Airport: Glasgow International

Nearest Main Station: Glasgow Central (direct trains to London, Manchester, Edinburgh, Stafford).

Taxi From Airport £15

Taxi From Glasgow Central Station £6

## Facilities

**What hotel(s) are being used for the convention? How many rooms, what type, do they accommodate accessibility needs, etc.?**

### Hotels

Glasgow will have 8 hotels on site by 2024 and we will negotiate with these, should we win. We have already discussed room allocations in the [Crowne Plaza](#), which is attached to the convention centre.

Hotels on site include:

[Campanile Hotel](#)

[Crowne Plaza](#)

[Hilton Garden Inn](#)

[Premier Inn SEC, Pacific Quay](#)

[Radisson Red](#)

There are 8308 hotel rooms available within 2 miles of the SEC, with six hotels on site. At present there are 2000 rooms via AirBnb operating throughout the city.

The Crowne Plaza Hotel is attached to the SEC, and we have already agreed that this will be our party hotel, as well as hosting the fan bar.

The area around the SEC (now called 'The Campus'), has seen rapid development over the last two years, including the addition of two more hotels (and another two being built). There are now 6 on site hotels to fit a range of prices with the furthest 400m away from the SEC entrance.

The newly built Radisson Red (200m distance) contains artwork and murals in each of the 174 rooms by local comic book artist Frank Quitely, emphasising the SEC's commitment to geek and fan culture. The hotel also contains a rooftop bar which overlooks the SEC campus and is suitable for private events / parties.

[Frank Quitely's work with the Radisson Red](#)

Several of the hotels on The Campus have party spaces or food/bar areas that can be booked out.

### **Access**

It is a legal requirement that hotels contain a number of accessible rooms, including but not limited to roll-in showers, grab bars, bathrooms suitable for wheelchair users and power sockets for mobility charging. We will be investigating these with our bid team closer to the time / as contracts are agreed.

**What are your hotel room rates? Do these rates include breakfast? Do they include internet access in the room? How firm are these rates? What additional taxes and fees are there?**

Rates will be negotiated closer to the event, if the bid is successful.

A standard room rate in Scotland includes tax.

Internet is included in room rates – this is standard across Scotland.

Breakfast is standard in Scottish hotels, and breakfasts are large! Most hotels supply breakfast buffets. The Hilton Garden Inn on site has a sustainable food waste policy on less busy days, where food can be ordered from the counter top instead. This is increasingly typical of initiatives across the city - for example the Radisson Red in the city centre also requests that you ask for cooked food.

**What does parking cost at your main hotels?**

Parking is generally metered in the town centre by hour.

The newly built Hydro Carpark on site is famous for its extremely ugly exterior design and known locally as 'The Cheesegrater'. It is approx 200m from the SEC entrance.

At time of writing, the Cheesegrater Rates are:

0-1 hour - £5.00

1-12 hours - £10.00

12-13 hours - £15.00

13-24 hours - £20.00

The Cheesegrater at the SEC, a masterpiece of culinary-carparking fusion.

**What is the distance from the nearest door of your main hotel(s) to the closest entrance of the convention site? What are the transportation options for those who prefer not to walk or who have mobility difficulties?**

The Crowne Plaza is attached to the convention centre.

Scooter and wheelchair rental are available from the SEC to be used on site.

The Exhibition Centre train stop is wheelchair accessible, with most stops along the route having an elevator available between platforms and the entrance / exit if required.

The SEC's redevelopment plan includes plans to improve access to the train station.

Buses have hydraulic doors that raise and lower for wheelchair users to board.

Pavements around the SEC have slanted or low lips.

It is a legal requirement for prams to give way to mobility devices on public transport.

**Where will your large events (i.e. Hugo Ceremony and Masquerade) be held?**

SEC: The Armadillo (3000 seats). The Armadillo has recently upgraded its sound and interior technology, and is working on more improvements - this will be ready for 2024.

<https://www.sec.co.uk/organise-an-event/event-spaces/sec-armadillo>

**Please describe the restaurant scene near your site.**

There are various chains and eateries on site, including a restaurant and a bar.

[The Cyldebuilt Bar](#) is a new bar inside the SEC which also serves food.

[La Rotunda](#) is a bar, restaurant and comedy club, 200m from the entrance to the SEC.

It serves Italian food with a variety of vegetarian and gluten free options.

There are restaurants in each hotel. There is a mini supermarket inside the SEC which sells snacks and sandwiches, and a supermarket about 500m from the venue (Sainsbury's).

Glasgow has undergone a foodie revolution in the last few years and the centre of town now has a huge and often inexpensive range of excellent food, both local and international in flavour.

To the North of the venue is the Finnieston area, which has a thriving coffee and cafe scene, as well as several friendly pubs. Extending along the Byres Road are a huge selection of pubs, cafes and restaurants.

Here are some of our favourites across the city:

[The Ubiquitous Chip](#). Hands down the best place for neeps, tatties (mashed turnips and potatoes) and haggis in town. Excellent bar food and more a expensive but equally good restaurant.

[Hanoi Bike Shop](#). Incredible Vietnamese Street Food. Ask for the buffet and you will get 8-10 dishes from the daily menu which are all delicious. Always busy, but go for a pint across the road first in...

[Curlers Rest](#). Great local pub, comfortable seating and friendly staff. Guest ales and beers, not too noisy. The food is also good.

[Bread Meats Bread](#). This burger den is at the heart of the burger district - an area around the central station specialising in... burgers. There are several upmarket burger chains here. This one stands out from the crowd and has won multiple local burger awards.

[The Society Rooms](#). We do not particularly recommend the food or the drink, because this is a Weatherspoons! But we do recommend the company, as this is where the monthly Scottish fan meet-up; 'Resurgence of Trout', is held. (If you want to know why it's called that, ask a local!).

[The Yarn Cake](#). Do you love Cake? Do you love Yarn? Do you love both at once?!!! The Yarn Cake serves a series of delicious yarns for all budgets and scrumptious cakes for every size of tummy to go with them. Great company, knitting and scram!!

**What arrangements will be made for evening socialising and party space? Do you have a corkage waiver?**

Although Scotland does not have a culture of room parties or suites, we will be using rooms in the Crowne Plaza hotel for both our parties and the fan bar. We have a provisional agreement for corkage and forklage with the hotel, should we win. There is also a beautiful (and wheelchair accessible) bar space in the new Radisson Red hotel which overlooks the river, as well as several new eateries on site which would be suitable for private events.

**Please describe the policies / laws regarding smoking in your hotel(s), convention centre, and city.**

#### **Hotels**

Crowne Plaza - no smoking.

This list will be updated as we contract with other hotels.

#### **Convention Center**

Total ban inside, with designated smoking areas away from buildings outside.

## **City**

Total ban in public buildings, including bars, with smoking outside restricted to a designated distance away from buildings and doorways.

**Given the current pandemic, have you considered any arrangements have been made for social distancing and the health and safety of members? If you have, can you describe what your current plans are?**

2024 is a way away, but we are conscious that this may be a vital part of conrunning, going forwards. Additionally, this is not just an 'at con' issue as it affects our public appearances as a Bid, as well as any provision at the convention itself.

The SEC is currently equipped as a 'Nightingale' overflow hospital for the National Health Service, although fortunately it has not had to be used. This means that we are confident that we can work with the venue to understand social distancing and other requirements, with a specific awareness of the venue itself. We have corresponded with staff throughout this difficult time and thank them for their incredible work here.

Although conventions have largely been cancelled or have gone online this year, we are making plans for the safety of our members and staff at future events and at fan tables.

We will abide by local governance at a minimum - for example in the wearing of masks, social distancing and handwashing/sanitising where guidance is provided.

## **Miscellaneous**

**What type of weather can we expect during your convention? What is the average temperature during that time of year?**

The average temperature is 15 degrees Celsius, or 59 degrees Fahrenheit. Glasgow can be a wee bit nippy and Glaswegians like to make jokes about the rare appearance of 'the burning ball in the sky'. Pack a jumper. Also, it will rain, and when it does, it's usually heavy. Maybe also pack wellies so you can play in puddles.

<https://www.metoffice.gov.uk/public/weather/climate/>

<https://www.metoffice.gov.uk/public/weather/climate/gcuy0ce1v>

If you require a super duper up to date app about weather, we also recommend Dark Sky, especially as Glasgow's weather can be quite changeable:

<https://darksky.net/app>

## What are some of the main tourist attractions of your city?

Glasgow was the City of Culture in 2014, and used this year to really develop its cultural scene. This continues today with a huge emphasis on the local and regional importance of arts, creativity and performance. Glasgow also has numerous [quirky museums](#) and places to visit, and of course, there's lots of whisky, including a distillery attached to the SEC.

Since Worldcon has been to Glasgow before, here are some well known, and less well known places to visit.

- [Hunterian Museum](#). The Hunterian has held everything from T-Rex's to unprinted pages from Art Spiegelmann's Maus, and has strong local ties to Glasgow's comic book and art scene.
- [Glasgow Central Railway Station](#) holds regular tours under the station and beyond. Hard hats provided!
- [Alasdair Gray's mural in Òran Mór](#) is publically available and absolutely stunning.
- [The Scottish Ballet](#) is world renowned.
- [The Sharmarka Kinetic Theatre](#) is a permanent exhibition of glorious scrap sculptures, set to music, by Eduard Bersudsky.
- [The Science Museum](#) is a 500m walk from the SEC / Crowne Plaza. It is full of science!
- [The Riverside Museum](#) is a 600m walk from the SEC / Crowne Plaza. It is full of Glasgow History and the Scottish Transport Museum!
- But wait, what's this in between the Riverside Museum and the SEC?! Drop into the [Clydeside Distillery](#) on the way!
- There's [a Harry Potter shop](#) by the main station (and they may or may not confirm that Hogwarts is in the Highlands).
- You can go on tours to see [locations from Outlander](#), look for [Nessy](#) or catch the [Caledonian sleeper to London](#).
- The Tunnock's factory is often oversubscribed, but [tours](#) are available if you are lucky! (and if you are not lucky, here's [ten facts about Tunnock's](#) to keep you going)

**Are you planning to have any membership discounts for certain demographic groups, such as young adults, military, or seniors?**

Yes, we will consider this, should we be successful, as well as exploring the possibility of a First Worldcon membership (shamelessly poaching the idea from Helsinki and Dublin).

**Do you have a code of conduct? If so, is it available online and if so, where?**

Our Code of Conduct for the Bid is on our website here:

<https://glasgow2024.org/conduct>

We expect all Bid Team members to abide by this, as well as those of any events that they are attending as representatives of Glasgow in 2024.

This policy will guide us towards the CoC that we will use if we should become a seated Worldcon. Our CoC is based on the one used by Dublin 2019, who regularly revised their CoC as their bid moved from bid to con, and to reflect changes in fandom, legal requirements and the law. We will be doing the same in order to produce a robust policy. Our brains trust is sourced from people both familiar with and new to our fandom, as well as those who can provide us with specific, important perspectives.

**What changes or challenges do you expect the current pandemic to present?**

The long term financial impact on economies and individuals around the world, restrictions on transit and differing modes of communication and interaction are all things we need to consider, going forwards. 2024 is still a way away, but these must be considered now as we start to plan for the future.

**Have you planned for a virtual component to your convention?**

Too early to say. This will depend on how the general landscape of convention attendance changes (or not) in the interim years. We are volunteering for, participating in and watching virtual conventions around the world (including CoNZealand), as part of this learning journey.

**What is a notable aspect of your local fan culture and how do you plan to incorporate it into your Worldcon?**

Just one? We're going to cheat...

In light of recent events, and the ongoing importance of making our community diverse, inclusive and welcoming, we have committed to a policy of diversity and inclusion. Our preliminary statement in response to recent events can be seen here:

<https://glasgow2024.org/2020/06/glasgow-in-2024-supports-black-lives-matter-and-trans-lives-matter/>

This is an ongoing action by ourselves as we must not simply speak, but should act towards this statement. Our first collaboration in this respect is a joint piece of work between Glasgow University's fantasy department which aims to showcase BAME, LGBTQI+ and other underrepresented Scottish voices through a series of online discussions and interviews, which will be broadcast on our social media. The work will also be represented at Worldcon, should we become successful. An archive of this work will be publicly accessible online.

Our national convention, Satellite, has an ongoing remit to showcase Scottish Science and Scientific achievements. We are working closely with Satellite to make this an important element of our bid, and forwards into the convention, if we become seated.
